NOVEMBER 16TH 6:00 PM BUTTON AUDITORIUM

WELCOME

I am pleased to welcome each and every one of you to our campus for tonight's concert. On behalf of our outstanding MSU music faculty and our incredible MSU music students, I would like to personally thank you for your support of this event and more importantly, I'd like to convey how wonderful it is to see so much support for music education in our region! Today's event brought 470 students together from 40 different schools to create a unique and rewarding musical experience—incredible!

Our band program here at Morehead State has a rich traditional of producing not only incredible performances, but also preparing exceptional performers and outstanding music educators for the professional world. Our band program features three primary ensembles—the Morehead State Marching Band, Symphonic Winds, and Concert Band—each with exciting opportunities to perform through the fall and spring semesters. Bands from Morehead State University have performed at the Kentucky Music Educators Association Conference, the National Band Association Conference, and the College Band Directors National Association Conference. International performances have occurred in Brazil, Spain, and twice in the People's Republic of China. What's more is that our band program is just one part of outstanding music department! Though the students participating in today's clinic have a few years before they have to think about college, I hope their paths will one day lead them back to Morehead State and to performing in one (or more) of our ensembles!

All my best,

Dr. DuWayne C. Dale, MSU Director of Bands
Tri-State Clinic Coordinator
