RE: Tenure Recommendations

Pursuant to PAc-27, I have reviewed Dr. DuWayne Dale's tenure portfolio, including the department committee, department chair, college committee, dean and university committee recommendations. At each level of review, Dr. Dale has been recommended for tenure.

I find the case for tenure convincing. The available evidence indicates that Dr. Dale is an excellent teacher, has produced sufficient and sustained scholarship, and has provided the requisite service for tenure consideration.

I recommend that Dr. DuWayne Dale be granted tenure.
